Dear, Parent/ Guardian,

I am writing to inform you that your child's membership fee of £10 has not been paid as yet. This membership fee helps to cover running costs of the club and most importantly, public liability insurance which the club must have, this means that because this fee is not paid, your child is not covered on the clubs insurance (if your child was seriously injured, we would not be eligible to claim for him/ her); as you may understand our club is taking great risks letting your child continue to train with the team, so we are requesting this membership fee and the form enclosed as soon as possible, any queries contact Wayne Dixon on the above number. The club will only be able to present trophies to those children who have paid their yearly membership, therefore any unpaid before the presentation will be unable to have a trophy at the presentation evening on 30th May 2008, please help us to sort this problem out for all the children at Middleton Park F.C.

Thank you, the committee.

P.S. also enclosed is a letter sent recently to all members, I hope you will try and get involved.
